Dear Honorable Woodlock:

Today I received information that my Mother passed away. My attorney Jonathan Shapiro, to my understanding, is involved in a trial, so I don't know if I will be able to contact him tomorrow to petition this Court for allowance to attend my Mother's funeral and awake.

I am the primary family member making arrangements at this point and it's quite difficult to deal with her leaving nonetheless making arrangements from jail.

Tomorrow I have to call Dr. Christian Kiriakov from Decernent Affairs at Barton Medical Center to telephonically approve an autopsy to be done on my Mother.

Honorable Woodlock, I do not understand the law surrounding me asking you for help with be able to bury my Mom. If possible, would you allow this letter to be the request for relief to bury my mother and close her affairs?

Please excuse this form of request.

Sincerely

Scott Myers
